

We are a full-service machining shop excelling in CNC Machining and Design. We specialize in precision-machined components from the aerospace industry to custom projects.

Quality Through Commitment

You benefit from more than 50 years of our combined experience and our proven LEAN practices. AS9102 F.A.I.R. Reporting Standard.

Partnering with You

From conceptual design to production we are here to continually improve your product, saving you money and time.

In it for the Long Haul

85% of our customers have continued to do business with us since we opened our doors 12 years ago.

The Size That Fits

We specialize in small to medium sized lots with runs from 1 to 5,000.

Keeping Jobs in USA

Advanced Machining Services has been promoting high-tech manufacturing jobs in the Pacific Northwest since 2002.

QUALITY THROUGH COMMITMENT

Equipment List

Machining Equipment

- Nakamura WT-100 9-Axis Turning and Milling Center
- Okuma 2004 Vertical Machining Center 30" x 16"
- 2 Haas VF4 20" x 50" Vertical Machining Centers
- Mori Seiki 2005 CNC NL2000 Multi Axis Milling & Turning Center
- Haas SL-20 CNC Turning Center - 10" x 20"
- Bridgeport Vertical Manual Mill w/ Digital Readout
- Engine Lathe - 14" x 40" w/ Digital Readout

Inspection Equipment

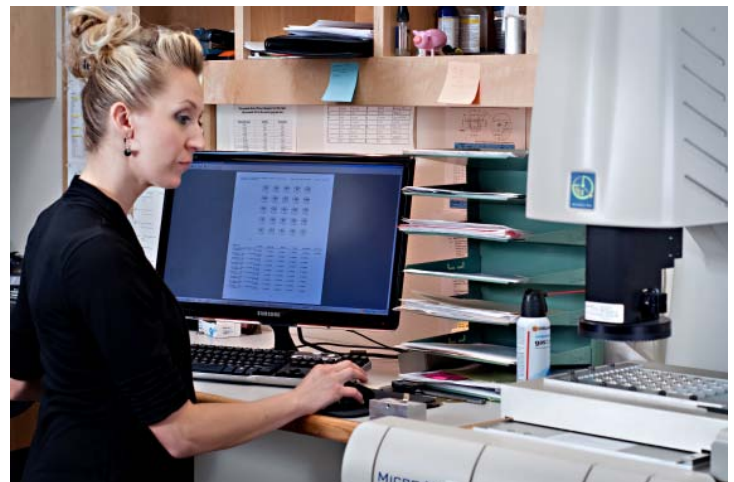

- CMM Tesa Micro-hite 3D
- Tesa Hite 600D 24" Electronic Height Gage
- Starrett Quadra Check Optical Comparator
- Gage Pins - .011" - .750"
- Gage Blocks - 81 pc set
- Micrometers to 18"
- Surface Plate - 36" x 48"
- Mitutoyo SurfTest Profilometer

CAD/CAM

- Solid Modeling
- MasterCAM X7 Certified
- 3D Surfacing
- 3 and 4 Axis Capabilities
- Prototype

Tesa Micro-Hite 3D
Coordinate Measuring
Machine (CMM)
18" x 20"

Micro View Vertx 251 Automated Vision Measuring System 7" x 10"

2012 Nakamura WT-100 1-5/8" dia. Bar Capacity, 9-Axis Turning and Milling Center with automated Bar feed and Conveyor.
